

A Car to Bless Students

We knew God was doing something special about this car... Right after finishing the process of discernment about staying longer in Cyprus, we sent a prayer letter communicating that we would stay and asking for prayer for a car. On the very same day, a couple who were selling their 7-seater car sent a message to ask if we were interested as the other three buyers had fallen through just over the last two days. We were able to borrow the money to pay for the car and for insurance, . Paperwork was completed quickly and we had the car at the end of the week!

Ana was one of the students we took to visit the ruins of Salamis the day after we got it. And thanks to that, we had an amazing conversation about Jesus! As we walked through the ruins we explained this was the first place where the apostle Paul arrived on the island, as we can read in Acts 13. So she asked, "Who was Paul? Can you tell me his story, if you remember?" So, we started telling her Paul's story, and how he, a former persecutor of Christians, had an encounter with the risen Jesus that turned his life upside down, and led him to tell the good news of Jesus in his famous journeys all over the Mediterranean.

Since then we have been able to give students lifts to attend church, and to come to the CU group meeting (here called CYFES), students who would otherwise not have come due to lack of transportation. We have also been able to visit the groups around the island more often. Students in METU (university in the north) were delighted that we can now come more regularly - they had asked us to come every 2 weeks, but this has not been possible for the last two years. "Praise God He has answered our prayers for you (to get a car)!" they said. Since getting the car, we could visit to follow up on the evangelism conference. This encouragement has led to some evangelistic initiatives started to brew already!

Would you like to donate to help create more stories like the ones above?

Here are some of the costs for your consideration: car (3650 EUR), insurance (500 EUR), road tax (282 EUR), and/or petrol (full tank about 60 EUR)
